ZENITH PEB
SOLUTIONS PVT LTD

ENGINEERED FOR THE NEXT

Structures that move business forward.

DESIGN • ENGINEERING • MANUFACTURING • INSTALLATION

ENGINEERING BUILDINGS AROUND BUSINESS

We begin with what the business needs a building to do.

Every business begins with a different requirement. A manufacturing plant must support production. A warehouse must maximise usable space and movement. A processing facility must accommodate equipment, workflows and future expansion.

At Zenith PEB Solutions, we begin there.

OUR WORK SPEAKS

MEET ZENITH

Headquartered in Hyderabad, with our manufacturing facility at Korisapadu, Andhra Pradesh, Zenith provides integrated Pre-Engineered Building solutions from structural design and engineering to manufacturing and on-site execution.

VISION

To become a trusted PEB partner for businesses across India and beyond, recognised for engineering excellence, dependable execution and long-term value.

MISSION

To engineer and deliver efficient, reliable and purpose-built steel building solutions through thoughtful design, disciplined manufacturing and a commitment to quality at every stage.
